Education

GITAM University

Aug 2023 – May 2027

B.Tech in Computer Science and Engineering — CGPA: **8.53/10**

Visakhapatnam, Andhra Pradesh

- **Relevant Coursework:** Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS), Operating Systems (OS), Computer Networks, Discrete Mathematics, Software Engineering

Technical Skills

Languages: Java, Python, JavaScript (ES6+), TypeScript, C, SQL, HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, Node.js, Express.js, FastAPI, Tailwind CSS, Bootstrap, Chart.js, LangChain

Databases & Cloud: PostgreSQL, MongoDB, MySQL, Supabase, AWS (EC2, S3), Docker, Vercel

Developer Tools: Git, GitHub, Postman, Jenkins, VS Code, REST APIs, CI/CD Pipelines, Agile/Scrum

Core CS Concepts: Data Structures & Algorithms (DSA), OOP, DBMS, Operating Systems, Computer Networks, System Design, Distributed Systems, Microservices Architecture, LLM Integration, Application Security, Unit & Integration Testing, SDLC

Experience

Velnova

May 2025 – Jul 2025

Software Developer Intern

Remote, India

- Developed **responsive, accessible user interfaces** with **HTML5, CSS3, and JavaScript (ES6+)**, improving cross-device accessibility by **35%** across 3 product pages; followed full **SDLC** and **Agile/Scrum** sprint workflows.
- Integrated **RESTful APIs** and built **automated test suites** (unit and integration tests), reducing UI defects by **25%** and raising software quality assurance standards across the frontend codebase.
- Deployed **CI/CD pipelines** via Git-based version control, achieving **100% sprint completion rate** and eliminating manual deployment overhead through full delivery pipeline automation.

Projects

Civic Connect – Smart City Issue Reporting Platform | *React, TypeScript, Supabase, PostgreSQL, Tailwind CSS* | [🔗](#) | [Live](#)

- Architected a **full-stack civic web application** using **React + TypeScript** and **Supabase (PostgreSQL)** real-time database; implemented **role-based access control (RBAC)**, **Row Level Security**, and **input validation** – demonstrating **secure coding**, **application security**, and end-to-end **SDLC ownership**.
- Designed **relational database schema** with indexed queries and foreign key constraints supporting concurrent multi-user access; built real-time **status tracking** and **automated notifications**, reducing civic reporting effort by **40%**.

Smart Payment Dashboard – Finance Analytics Platform | *React.js, Node.js, Express.js, MongoDB, Chart.js, JWT* | [🔗](#) | [Live](#)

- Built a **MERN-stack** fintech dashboard with modular **REST API** backend; optimized **MongoDB** performance by **20%** via **query indexing and connection pooling**; secured data using **JWT authentication**, **OOP design patterns**, and **error-handling middleware**.
- Integrated **Chart.js** data visualizations reducing report generation time by **30%**; validated sub-**500ms** response times under load testing; applied **microservices-inspired architecture** for scalability and maintainability.

EduNet – AI-Powered Educational Platform | *Next.js, OpenAI API, Python, FastAPI, Supabase, Tailwind CSS* | [🔗](#) | [Live](#)

- Engineered an **LLM-integrated** platform using **OpenAI API** with a **Python FastAPI** microservice – featuring async request handling, rate limiting, and **distributed system** design; cut student query resolution time by **60%** via **AI-powered** doubt resolution.
- Delivered **server-side rendered (SSR)** UI in **Next.js** with sub-**2s** page load time; deployed via **CI/CD pipeline** on Vercel; achieved **35% engagement lift** in beta with **100+ users**, validating **system scalability** and production readiness.

Achievements & Awards

- **Best Team Lead Award (2024–25)** – Recognized at GITAM University for leading **Smart India Hackathon (350+ teams, 2,500+ attendees)** and delivering measurable impact across 35+ technical events.
- **Competitive Programming:** Active DSA practitioner on [LeetCode](#) – solving problems in Java and Python across arrays, trees, graphs, and dynamic programming.

Leadership

Entrepreneur Club – Team Lead

Nov 2024 – Present

GITAM University

Visakhapatnam, Andhra Pradesh

- Led **35+ campus technical events** across 4 portfolios engaging **2,000+ students**; managed cross-functional logistics, stakeholder communication, and resource coordination for high-stakes programs – skills directly transferable to **Agile engineering team environments**.
